Projects

Portfolio:
Built a personal portfolio website using React, and Tailwind CSS to showcase my projects, skills, and experience. The site features a modern, responsive design with optimized performance and clean UI, highlighting my expertise in React frameworks and utility-first CSS.

AI Powered Resume Analyzer
Developed a React.js application with Tailwind CSS integrating Claude AI API, Puter SDK APIs (authentication, file storage, key-value database), and PDF.js for document processing. Implemented RESTful API calls, secure file uploads, real-time AI analysis with JSON response parsing, and state management with Zustand. Features ATS scoring, categorized feedback, and persistent storage.
